

PROTECT LIFE IN ALL ITS FORMS

ANNUAL REPORT
2018

EDITORIAL

The climate crisis we are facing is essentially one of climate injustice for it is those who contributed least to global warming who are being hit the hardest. This is the case in Mozambique, where we are working in partnership with Oak Foundation on a number of important projects aimed at training local communities in sustainable fishing practices. Sadly, since the end of 2017, the north of the country has had to contend with jihadist incursions wreaking havoc and terror.

But not all is bleak. In 2018, I had the privilege of making a field visit to Ecuador. It was a real eye-opener, and convinced me that our projects have made a significant difference to the local population's precarious living conditions. In the Amazon region and the Gulf of Guayaquil, the women of Ecuador deeply impressed me with their strength and dynamism – each one of them a *'Mother Courage'*!

Given the huge challenges the world is facing, our contribution is a modest one but I am firmly convinced that solutions lie in the hands of civil society as a whole. We are all concerned. Let's never forget that we are all connected ... together.

Jacqueline Délia Brémond
Co-Founder/Co-Chair

THE FOUNDATION IN FIGURES

\$29.1 millions invested

320 projects funded

6 millions beneficiaries

Board of Experts: 34 members

4 focus sectors

6 focus countries

3.6 million hectares protected

2 million trees planted

102 animal species protected

Commitments in 2018

9 projects were selected for a total commitment of **1,612 K\$**, co-financing overall budgets worth 7 030 K\$, with a leverage ratio of 4.36 (\$1 committed for every \$4.36 of a project budget).

18 projects 'Endangered animal species' were selected for a total commitment of **165 K\$**.

Partner NGO	Country	Intervention sector	Length (Month)	Foundation Contribution	% budget
AVSF	Ecuador	Sustainable agriculture	24	\$114,000	30 %

Our Focus Sectors

SUSTAINABLE AGRICULTURE

The Foundation supports initiatives that improve food security, increase and diversify local populations income, through a sustainable and environmentally friendly approach, fighting against global warming.

SUSTAINABLE FISHING

The Foundation supports initiatives aimed at conserving fish stocks in the high risk areas through a community based approach (setting up protected areas, fighting illegal fishing, conservation...).

BIODIVERSITY CONSERVATION

The Foundation supports initiatives aimed at protecting or rehabilitating land and marine ecosystems of particular interest, through and for the benefit of local communities.

SUSTAINABLE TECHNOLOGIES

The Foundation supports initiatives that enable access to renewable energy, sustainable construction and waste conversion.

Impact Investing

After joining the Divest/Invest movement, which encourages shareholders to divest from all fossil fuel holdings and invest in a carbon-free economy, the Foundation decided to invest in projects with high social and environmental impact.

Two such projects were supported since 2017:

SUSTAINABLE AGRICULTURE

**29 PROJECTS
FUNDED
OVERALL**

ICU • Peru

Strengthening of communities and their representative bodies through sustainable and innovative agricultural practices
Grant: \$148,000

Autre Terre • Peru

Organic certification, product development and internal capacity building of the Frutos del Ande cooperative
Grant: \$123,000

AVSF • Ecuador

AlliAlpa project ('fertile land' in Quichua): strengthening agroecological practices and developing short food supply chains
Grant: \$114,000

CARE • Ecuador

Enabling communities to adapt to climate change through the management, conservation and restoration of páramos
Grant: \$182,000

SUSTAINABLE AGRICULTURE

8 ONGOING PARTNERSHIPS

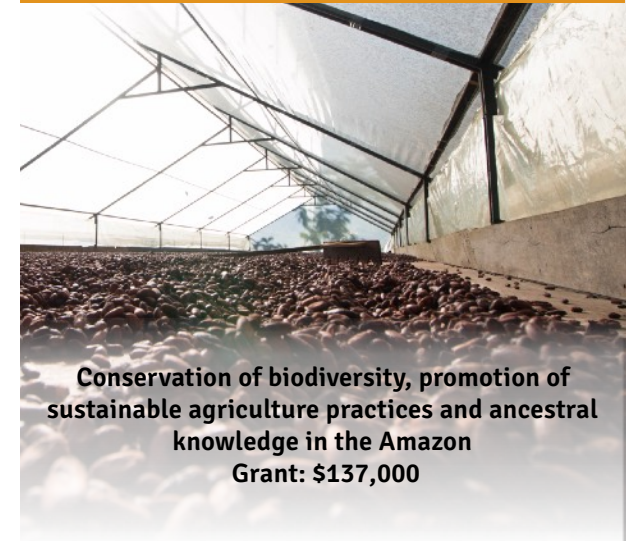

Conservation International • Ecuador

Sustainable agro-ecological systems to promote the adaptation of communities to climate change in the Galapagos islands
Grant: \$148,000

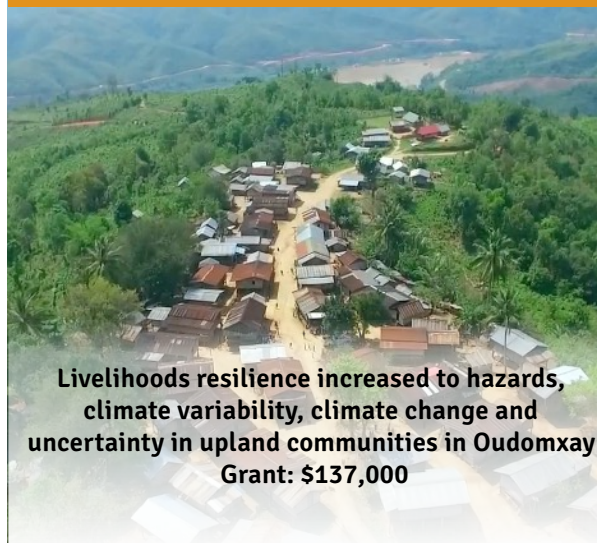

© Carolina Penafiel

FECD • Ecuador

Conservation of biodiversity, promotion of sustainable agriculture practices and ancestral knowledge in the Amazon
Grant: \$137,000

Oxfam • Laos

Livelihoods resilience increased to hazards, climate variability, climate change and uncertainty in upland communities in Oudomxay
Grant: \$137,000

CARE • Cambodia

Improved access to agro-climate information for women and ethnic minority farmers in Ratanakiri Province
Grant: \$137,000

SUSTAINABLE FISHING

**14 PROJECTS
FUNDED
OVERALL**

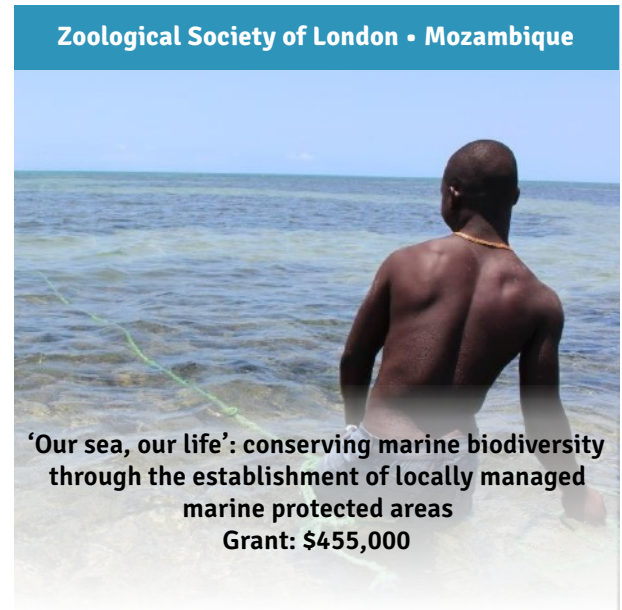

Istituto Oikos • Mozambique

Natural resources conservation and economic development for fisheries coastal communities of the Quirimbas National Park
Grant: \$200,000

Zoological Society of London • Mozambique

'Our sea, our life': conserving marine biodiversity through the establishment of locally managed marine protected areas
Grant: \$455,000

Peace Parks Foundation • Mozambique

Sustainable fishing and alternative livelihood for communities living adjacent to the Ponta do Ouro Marine Reserve
Grant: \$228,000

© Richard Davies

Marine Megafauna Foundation • Mozambique

Marine resource management improved and addressing destructive fishing practices in the Inhambane Province
Grant: \$340,000

© Anastasia Pashkovetskaya

SUSTAINABLE FISHING

**7 ONGOING
PARTNERSHIPS**

Environmental Defense Fund • Myanmar

Thriving Marine Fisheries: Advancing and building a pipeline of support and capacity for marine conservation and fisheries sustainability
Grant: \$114,000

Fauna & Flora International • Myanmar

Establishment of a functional network of LMMAs (Locally Managed Marine Areas) to conserve biodiversity and ensure sustainable fishing
Subvention : \$136,000

© Robert Howard

Conservation International • Ecuador

Better mangroves for people: reduce over-harvesting of mangrove resources while improving the livelihoods of local people
Grants: \$136,000

BIODIVERSITY CONSERVATION

**26 PROJECTS
FUNDED
OVERALL**

Amazon Conservation • Peru

Building capacity for near real-time deforestation monitoring and improving forestry governance in the Peruvian Amazon
Grants: \$136,000

© Gabby Salazar

Conservation International • Peru

Alternative development pathways for Awajun communities thanks to indigenous cultural and natural capital
Grants: \$136,000

Rainforest Foundation UK • Peru

Forestlink: Real-time monitoring to empower indigenous peoples to protect the Amazon rainforest
Grants: \$136,000

Nature & Culture International • Peru

Building capacity of Southern Amazonas coffee growers by improving their production of shade-grown coffee and conserving their forests
Grants: \$136,000

BIODIVERSITY CONSERVATION

**8 ONGOING
PARTNERSHIP**

Ocean Revolution - Mozambique

**Entrepreneurial Biodiversity Conservation
through the creation of a Marine Life Center
and a Protected Area
Grant: \$200,000**

Hilfswerk International - Mozambique

**Protection of the mangrove forest for healthy and
prosperous communities through innovation,
capacity building and sustainable technologies
Grant: \$136,000**

Gret - Mauritania

**Biodiversity conservation in the Diawling
National Park through sustainable and
participatory management
Grant: \$170,000**

Wildlife Conservation Society - Cambodia

**Training farmers in management
of the Tonle Sap ecosystem and
Bengal Florican habitat
Grant: \$140,000**

Rond-point

Becoming a partner

Co-fund a project

Starting from a contribution of €40,000 co-fund a major project in one of the Foundation's focus sectors, with personalized follow-up.

Since 2004, Fondation Ensemble intervenes in four focus sectors: Sustainable Agriculture and Fishing, Biodiversity Conservation and Sustainable Technologies. Its Board of Experts is composed of 34 members who are involved in the rigorous project selection process. Like all the Foundation's projects, yours will benefit from our team's expertise and will be closely monitored, including in the field...

The Oak Foundation and Synergie Solaire Endowment Fund have already put their trust in us. Join them, become our next partner and let us give ourselves the means to move forward, together.

Donate

As from €3,000, you can sponsor a 'threatened animal species' project of your choice.

Fondation Ensemble does not intend to raise funds among general public. However, to support more projects, we are looking for partners and philanthropists. You will get customized news from the program you support.

You can review all the ongoing and finished projects on our website (already 102 animal species have been supported since 2004).

A TEAM OF PROFESSIONALS

Oak Foundation

Swiss-based Oak Foundation commits substantial resources to addressing social and environmental problems, particularly those that have an impact on the lives of the disadvantaged.

'We have a lot in common with Fondation Ensemble when it comes to our world view... And that's very important for me. Just as important as expertise, because it's not enough to dream of changing the world, you have to be able to make your dream come true.'

Leonardo Lacerda
Director of the Environment Programme

As a public interest organization recognized by the French state, Fondation Ensemble may receive notarized donations, temporary donations, usufruct, bequests, donations, dedicated donations, etc. It is authorized to receive donations from abroad. The Foundation can issue official receipts for the following tax deductions in France:

- Real Estate Wealth Tax (IFI) (75%, up to a ceiling of €50,000)
- Income Tax (66%, up to a ceiling of 20% of taxable income)
- Corporate Tax (60%, up to a maximum of 0,5% of annual turnover before tax).
